# TRADITIONAL IRISH BAKING WORKSHOP

Step into the warmth of tradition with an authentic Irish baking experience, designed to connect guests with the heritage and simplicity of local baking.

Hosted in an intimate setting, this hands-on workshop invites guests to learn the art of traditional Irish bread and homemade jam making, guided by our Baker. From mixing and shaping to baking, each step reflects time-honoured techniques passed down through generations.

The experience concludes with a relaxed moment to enjoy your freshly baked creations, served warm, or to take them away along with the recipe to recreate at home.
