## WINE TASTING WITH LILY ELOY

Designed as a wake-up call for the senses, the tasting takes place in the company of Lily Eloy, Skylark Restaurant Manager & Wine Buyer, in the Wine Cellar, where the most precious bottles are aged.

An interactive and personalised tasting experience designed around each guest's interests, whether that is discovering wine with greater confidence, expanding their tasting vocabulary or gaining a deeper understanding of winemaking, climate and viticulture.

For Lily Eloy, every wine is a conversation. The depth of its color, the power of its bouquet, its structure on the palate: each detail reveals its personality. Thanks to a fine understanding of aromas, she reveals the reclusive details that make each tasting unique.
